Chubb. Insured.[™]

If on arrival in the country where the insured has his/her usual place of residence, the hospitalization seems not to be necessary, transportation will be provided to his/her home.

In case of death or a situation of mortal danger of a member of the family who is not traveling with the insured (partner, child, parent, brother, sister, grandparent or grandchild), Chubb Assistance organizes and bears the cost of additional travel and accommodation costs of the insured, exclusively incurred in order to reach his/her usual place of residence. If necessary and when possible Chubb Assistance will perform the functions of interpreter.

8. Legal assistance abroad

When the private rights or interests of the insured are at risk, with the exception of prejudice as a consequence of the possession, the keeping or the use of a means of conveyance, the insured can claim a reimbursement of the costs incurred for legal assistance, without however exceeding the amount stipulated in the insurance certificate, per claim, and only in relation to:

- the recuperation of the material and immaterial prejudice undergone by the insured as a consequence of a physical injury received by him /her for which a third party is liable on the basis of a legal provision;

- the costs linked to the investigation and the handling of the case;
- the costs linked to the calling in of lawyers, bailiffs, witnesses and experts. In the United States and Canada, the fees of the lawyer are not charged to the Company if the lawyer is treating the case on a "no cure - no pay" basis;
- In this case it should be considered that the fees are included in the compensation for prejudice;
- in agreement with Chubb Assistance, the costs incurred by the insured for accommodation and travel following the tariffs in application for public transport (economy class).

The provision of this service is valid solely during the stay of the insured abroad.

On the request of the insured and provided there is sufficient guarantee, Chubb Assistance will provide an advance for a maximum of 12.500,00 EUR for:

- the payment of due legal proceedings and execution costs of the insured and the adverse party, with the exception of money deposited as security, insofar as an irrevocable legal judgement determines that these costs must be borne by the insured;
- the release of the insured if he/she has been placed under arrest after a traffic accident.

A similar advance or bail will be reimbursed in totality by the insured as soon as the amount of the bail is paid back to him/her in case of the dropping of legal proceedings, a verdict of not guilty or otherwise within

Chubb. Insured.SM

the 15 days after the date on which the competent tribunal has pronounced the judgement.

Reimbursement to the Company should in any case not occur later than 60 days after that advance has been made or the bail has been posted.

From the moment when Chubb Assistance has communicated to the insured that further treatment of the case has no reasonable chance of success, the insured can no longer make any claim for coverage except for the settlement of the dispute as described hereafter.

Settlement of the dispute

In case of difference of opinion between the insured and Chubb Assistance on the result to be expected or on the way to handle the case, the insured can, after agreement with Chubb Assistance to charge this to the Company's account, submit the case to a lawyer of his /her choice who is expert in the field in question; this has to be done as quickly as possible and in any case within one month after Chubb Assistance has communicated to the insured its opinion, on the result to be expected or on the way of handling the case, which is contested by the insured.

Should that lawyer share Chubb Assistance's point of view, then the insured can only proceed with the case at his/her own expense. Should the result show that the insured is wholly or partially vindicated, then the costs are reimbursed to a maximum of the sum already insured. If the case is already being handled by a lawyer and the insured loses confidence in him, then the insured can, at the Company's expense, transfer the case to another lawyer, insofar as Chubb Assistance can reasonably share the point of view of the insured.

9. Family members.

Are covered, up to the maximum amount stipulated in the insurance certificate, per claim, the costs incurred, with the permission of Chubb Assistance, for the necessary visit and return travel, as well as for accommodation costs of a maximum of 2 members of the family (partner, child, parent, brother, sister, grandparent or grandchild) and/or of the people who live with the insured in a family relationship, to attend in a case of serious illness or mortal danger of the insured.

C. Conditions of application

The implementation by the insured or by one of the persons in his family circle of one of the services described above can only give rise to reimbursement insofar as Chubb Assistance has been previously notified and has given its explicit approval for the means to be used, by opening a file number.

The costs incurred will only be reimbursed after presentation of the necessary supporting documents and within the limits for which Chubb Assistance has committed itself for the organization of the provision of assistance mentioned above.

Only the additional costs, besides those, which the insured would normally incur for his/her return to his/her usual place of residence, are taken in charge.

If the Company has organized the return trip of the insured and has borne the costs, the Policyholder, the insured and/or his/her beneficiaries are obliged to take the necessary measures to obtain reimbursement of the transport tickets which were not used and to reimburse the Company for that amount within a delay of 3 months maximum.

When the Company has expressed its approval for the change in the means of transport to be used or in the destination, these become contractually established, its financial participation can never be superior to the amount that had been foreseen for the execution of the original transport contract.

When the costs of hotel accommodation are taken in charge, the Company only intervenes for the actual costs of renting a room, within the limits foreseen in the present conditions, excluding all other costs.

Chubb. Insured.[™]

D. Specifications

For transportation other than by public transport, prior approval has to be obtained when possible from Chubb Assistance.

Economies, reimbursements, and the like, are subtracted from the allowance granted for costs incurred. A fixed 10 per cent reduction on the accommodation costs will be applied to take account of the savings made in normal living costs.

Moreover, Chubb Assistance may only intervene within the limits of the agreements, which were granted by the local authorities. It may in no case take the place of local organizations for the provision of first aid services, and therefore would not bear the inherent costs.

It cannot be held responsible for the faults or for the wrong execution of its obligations as a consequence of circumstances outside one's control such as civil wars or war with a foreign country revolution, popular rebellion, insurrection, strike, sequestration or constraint by the police and/or by the local authorities, official prohibition, piracy, detonation of explosives, nuclear or radioactive effects, climatic obstructions. - prejudice which consists solely of damage to recording appliances, video and audio heads of audio and video appliances;
- animals;
- prejudice when the insured has not taken normal care to prevent the loss, theft or damage of the insured goods. “Normal care” has not been exercised when video, computer, photographic, film and sound and telecommunications appliances, ornaments, clocks, fur and other valuable objects are left unattended otherwise than in an appropriate locked space (by which is not understood in a means of transport). For the remaining goods, this applies when they are left in a means of transport, the right for compensation exists solely:

- a. the goods are placed in an appropriate locked compartment and moreover, these goods are not visible from the outside;
- b. all measures have been taken to avoid damage when these goods are in a means of transport which does not have an appropriate lockable compartment.

In relation with the preceding points a. and b., they are applicable when all that could be expected from the insured has been done and no safer measures could reasonably have been taken.

4. Damage compensation

Without prejudice to the restrictions mentioned in the present section, the following values will be used as the basis for the calculation of the compensation:

- Travel documents: the amount necessary for obtaining the documents in question;
- Luggage and household effects:
 - their value when new for objects not older than one year;
 - the actual value for objects older than one year.

By value when new, it should be understood, the amount necessary for the acquisition of new objects of the same type and quality.

By “actual value”, it should be understood the value of the object at the moment of the prejudice.

Chubb. Insured.SM

Compensation will be made following the “first risk” principle, thus without application of the proportionate rule. For objects that cannot be replaced by new ones of the same type and quality, the indemnity will be calculated from the market value, i.e. the market price for the sale of the objects in the state the objects were in immediately before the damage.

If damaged or lost objects are reasonably susceptible of being repaired and/or can be replaced, the Company has the right to have these objects repaired and/or replaced.

In case the objects insured by the contract make part of a pair or of a set, such as cufflinks, earrings, and the like, and they are insured for their value as a whole, the value of each object is calculated by dividing the total value by the number of objects which the pair or the set consist of.

In case of loss, destruction, theft or damage, the Company compensates the prejudice on the basis of that value and without taking into account the loss in value, which the pair or the set undergoes by no longer being complete.

Without prejudice to the restrictions mentioned in the present section of the contract, the following objects are also covered, as well as limited to the following maximums, per claim:

- travel documents: 150,00 EUR;
- sailboards and bicycles: 250,00 EUR per object, including attachments;
- tools for cars, bicycles and motorcycles, snow chains, battery operated car sound and emission appliances (not mounted in a fixed way), music cassettes, compact disks, together with spare parts (under which should only be understood the V-belt (transmission belt), spark plugs, spark plug leads, distributor heads, contact points (below the spark plug) and lamp bulbs): 150,00 EUR;
- dentures: exclusively covered for the costs of replacement or repair if no compensation is due under Sections 3 and/or 4: 250,00 EUR;
- replacement of clothing and toilet items: this coverage consists of a reimbursement of the costs up to a maximum of 75,00 EUR, which the insured has spent for the urgent purchase of essential and necessary clothing and toilet items if the registered luggage is not delivered to him/her within 24 hours after arriving at destination in the foreign country;
- The coverage is awarded to the insured when the trip is undertaken on board a charter flight or a scheduled aircraft operated by an airline company under the following conditions:
 - the airline company must be in possession of certificates, licenses or authorizations which are necessary for exploiting charter flights and scheduled flights, issued by the competent authorities of the country where the aircraft is registered;
 - the departure times, connections and destinations are stated on the ticket of the insured.
- photographic, film, video, sound and computer appliances including attachments: 500,00 EUR;
- ornaments: 150,00 EUR, by which should be understood, objects which are manufactured to be worn on or about the body and which are made wholly or partially of (precious) metal, stone, mineral, ivory, (red)coral or other similar materials, also pearls, with exception of clocks;
- clocks including wrist watches and chains: 150,00 EUR;
- (sun) spectacles (including lenses) and contact lenses: 150,00 EUR;
- (mobile) telecommunications appliances: 150,00 EUR.

For the remaining household effects, a coverage insures against the following dangers: fire and explosion (also as a consequence of own fault), lightning strike, induction and overloading as a result of lightning, aircraft, storm, rainfall, water, steam and oil, theft or attempted theft by house breaking, robbery and blackmail, collision, scorching, melting, charring and overheating, smoke and soot, as well as damage by glass splinters in case of broken glass. For damage by theft or attempted theft without house breaking, a franchise of 125,00 EUR for each prejudice will be applied.

B. Cases of damage

1. Obligations of the insured person in case of damage

The insured person shall be obliged to:

- a. Transmit all documents necessary for the administration and all judicial and extra-judicial instruments concerning the damage to the Company immediately after their notification, legal notice or handing over to the insured person;
- b. Appear at the hearings of the tribunal and submit himself (herself) to the requirements of the enquiry decided by the tribunal.

In case the insured person does not comply with the above mentioned obligations, he/she shall compensate the Company for any damage suffered by the company.

2. Conduct of the dispute

From the moment the Company is obliged to provide coverage and in so far as it has been appealed to, it shall support the insured person within the limits of the coverage.

With respect to civil rights interests and in so far as the interests of the company coincide with those of the

Chubb. Insured.[™]

insured person, the company has the right to conduct all the negotiations with the injured party and the civil lawsuit. The company can make amends for the injury if there are any grounds for doing so.

These interventions of the Company do not imply any recognition of liability on the part of the insured person and they must not cause him/her any prejudice.

The Company pays for the costs of the civil defense of the insured person.

The final damage compensation or the refusal to compensate shall be communicated to the insured person as quickly as possible.

3. Intervention in the administration of justice:

a. A sentence can only be objected to the Company, to the insured person or to the injured party if they were parties in the lawsuit or if they have been called in the case.

Nevertheless the sentence which has been pronounced in a lawsuit between the injured party and the insured person can be objected to the Company if it is established that the Company itself in fact took control of the conduct of the lawsuit.

b. When the lawsuit is introduced against the insured person by the criminal court, the Company can be implicated in the case by the injured party or by the insured person and the Company can intervene voluntarily, under the same conditions as if the claim had been brought before a civil court, but the criminal court cannot pronounce a judgement upon the rights which the Company can put forward against the insured person or the insurance taker.

c. The Company and the insured person can each intervene voluntarily in a lawsuit that has been brought by the injured party against the insured person or against the Company alone.

d. The Company can call upon the insured person in the lawsuit that is undertaken against it by the injured party. The insured person can call upon the Company in the lawsuit that has been brought against him/her by the injured party.

e. The insurance taker, who is not the insured person, can voluntarily intervene or be called in the lawsuit which has been brought against the Company or against the insured person.

4. Personal right of the injured party

The injured party has a personal right against the Company. The compensation for damages owed by the Company is due to the injured party or to his beneficiaries, to the exclusion of the other creditors of the insured person.

5. Opposability of the demurrers, nullity and abandonment of right

The Company can only object the demurrers, the nullity and the abandonment of rights arising from law or the contract to the injured person in so far as these find their origin in an event previous to the damage suffered.

6. Payment of compensation for damages – exemption

The maximum amounts per case of damage, which the company can be obliged to pay, are determined by the amounts indicated in the insurance certificate for each guarantee. All the damages, which can be attributed to one single event causing damages, constitute one and the same case of damage.

The Company pays for the interests on the principal due for compensation, the costs relating to civil proceedings, as well as the fees and expenses of the lawyers and the experts, even if they are above the insured sums, but only in so far as these costs have been made by itself or with its consent or, in case of a conflict of interest which cannot be imputed to the insured person, in so far as these costs have not been incurred unreasonably.

An exemption which is not insured and not redeemable and which amounts to 125,00 EUR per case of material damage is subtracted from the amount of the compensation for the damage.

Section 8: Cancellation costs (only for insured traveling from the European Union)

This chapter is solely applicable insofar as this appears from the note made on the certificate and if a premium has been calculated for it.

A. Scope of the cover

In the case of cancellation, delay to departure and/or discontinuation of the study trip/traineeship, the Company shall pay compensation to the insured up to a maximum amount as set forth on the certificate, bearing the following in mind:

Chubb. Insured.[™]

1. Cancellation

The Company shall make payment in the case of cancellation up to and including the date of commencement of the insurance or the day of departure in accordance with the manner in which the educational institution/offerer of the traineeship would normally require were no insurance to exist, which payment shall defray cancellation costs comprising the paid course fee, attendance and registration fees, the pre-paid travel and accommodation costs, pre-paid rent for housing and/or transfer costs when changing apartments. Restitutions received as well as any revenue which comes about due to the arrangements in question being transferred to third parties at a reduced price, or not, shall be deducted from that which is to be paid.

2. Insured events

The right to receive compensation shall solely exist as a consequence of one of the following events:

- a. death, serious illness or serious accidental injury on the part of an insured, rendering the study trip/traineeship or making use of the rental object impossible or making it imperative to prematurely terminate the study trip/traineeship or the stay;
- b. death, serious illness or serious accidental injury of close family who are not co-travelers, if related in the first or second degree, or room-mates with whom the insured co-habits as a family, rendering it unreasonable for the insured to make the study trip/fulfill the traineeship or make use of the rental object, or making it imperative to prematurely terminate the study trip/traineeship or the stay;
- c. being unable, under medical advice, to be vaccinated, which is required by the authorities in order to reach the destination of the study trip/traineeship or to stay there;
- d. relevant damages to goods due to fire, explosion, strike by lightning, storm or flood, which exercises an effect on the property of the insured or of the organization where the insured works or which assigned the study trip/traineeship to the insured and which the insured took on, which event or events urgently require the insured's presence;
- e. an unexpected conscription notice requiring the insured to attend military service for the first time, or go on repeat exercises;
- f. in connection with a proposed stay on the part of an insured with a family, abroad: a sudden serious illness, serious accidental injury or the death of one of the members of the family to accommodate the insured;
- g. the lack, within 30 days prior to the planned date of arrival, at the destination, of a private vehicle needed for the study trip/traineeship due to theft, fire, explosion or any external peril;
- h. serious damages to the insured's own home, the temporary address or the study/traineeship address, making it impossible for the planned study trip/traineeship to take place. In that case, compensation shall solely be paid for the pre-paid/reserved tickets for the boat, air or train trip.

3. Delay to departure

The Company will pay compensation in the case of a delay to departure of at least 8 hours of a boat, bus, train or aircraft when departing from the country of origin or upon arrival to the travel destination, caused by factors outside the control or the will of the insured, as well as pay compensation for the additional travel and accommodation costs incurred by an insured, for a maximum of three days.

4. Interruption

The Company shall pay compensation, pro rata, for each study day/traineeship day not taken, on the travel sum/ rent, due to the insured's premature return, or due to hospitalization delaying premature return, insofar as the hotel, educational institution, traineeship address, transport organization or landlord shall not have made restitution. The right to receive compensation for damages shall solely exist if the study trip/traineeship address or stay is interrupted prematurely as a result of one of the events scheduled in 2.

Hospitalization delaying premature return shall mean that hospitalization days within the study/traineeship/rental period shall be deemed to be study/traineeship days not taken.

Pro rata compensation shall be deemed to be compensation for the ratio of the total of days not taken to the number of days of the study/traineeship or rental.

Any restitutions made by the hotel, educational institution, traineeship address or landlord shall be deducted from the compensation to be paid.

5. Winter sports

If the certificate shows that additional premium has been paid for the risks of winter sports and the insured

Chubb. Insured.[™]

returns home prematurely due to an insured event having taken place, or should an insured be called back, or should medical reasons render it impossible for any further use to be made of pre-paid skiing lessons, ski-pass, ski rental, then in connection with these aforementioned costs, compensation for cancellation shall be paid on a pro rata basis. Pro rata compensation shall be deemed to be compensation based on the ratio of the total number of days not taken to the total number of days of the duration of the lessons, pass, or ski-rental. Any restitution shall be deducted from the compensation to be paid.

6. Validity of the insurance

- a. The insurance is solely valid if concluded within 21 days of booking the travel arrangement; already paid premiums for invalid cancellation costs insurance shall be restituted upon request.
- b. No restitution will be made of premiums paid other than in connection with the cancellation of the study/traineeship travel or rental agreement on the part of the educational institution, offerer of the traineeship, transport organization or landlord.

7. Extraordinary obligations

Alongside the general obligations as set forth in the general terms and conditions, the following obligations are also in force:

- a. The insured, or an interested party to this insurance shall be bound to notify the Company immediately of circumstances that might lead to a claim being made for compensation under the terms of this present agreement.
- b. They are also bound, at the request of the Company, to submit authentic proof if compensation is claimed under the terms of this insurance and moreover, they are also bound to cooperate with all that which the Company may require, in all reasonableness, require of them.
- c. They are also to submit proof of payment of registration fees and/or all or part of the travel/rental sum.

Art. 7 - Procedure to be followed in the event of claims

The Policyholder, the Insured, the beneficiary or, in his absence, the legal heirs shall, in the event of any damage covered by the present contract:

- have any accident or sickness immediately confirmed by a physician;
- in the event of a fatal accident, immediately inform the Company. This obligation also applies when the death is the consequence of an already declared accident to the Company;
- notify the Company in writing of the damage as soon as it occurs and at the latest within 14 days following the date of the accident or sickness, mentioning the circumstances as well as the number and the effective date of the insurance certificate;
- nonetheless, the Company will not invoke this if this deadline is not respected insofar as the damage claim form was sent as quickly as was reasonably possible. The damage claim form must specify the place, date, time, cause and circumstances of the accident, as well as the identity of any witnesses; a medical certificate stating the nature of the injuries must be appended thereto;
- provide the Chubb Assistance with all the information and documents that it deems necessary;
- guarantee the Company and its representatives free access to the Insured;
- undergo an examination by physicians appointed by the Company;
- allow the treating physician to provide the physicians appointed by the Company with all the information requested concerning not only injuries but also sicknesses and defects, whether present or past;
- take all reasonable steps to prevent and limit the consequences of such damage;
- abstain from everything which could harm the interests of the Company/Chubb Assistance;
- Remember the recognition of responsibility;
- Return the completely filled-in and signed damage declaration form to the Company as soon as possible, as it is provided by the Company.

In order to have the benefit of all the assistance benefits, Chubb Assistance must be immediately informed of any event that may give entitlement to an intervention:

- by telephoning Brussels on number: **32 2 516.98.15**

giving the applicable contract number (see assistance card), in order to receive a file number, which is required to take over the interventions, if the claim is covered by present contract.

Chubb Assistance will provide its services within a reasonable delay and in good understanding with the

Chubb. Insured.SM

insured, but will be free in the choice of those by whom it can be assisted in the execution of its services. Chubb Assistance has the right, because of its engagements with third parties, the costs of which are not covered by the present contract, to claim from the insured the necessary financial guarantees, the form and extent of which are to be determined by Chubb Assistance.

In the event that any of the obligations summarized above are not complied with and the Company thereby incurs any loss, the Company is entitled to claim a reduction in its services up to the amount of the loss incurred. The Company is entitled to cancel its cover in the event that these obligations are not complied with by deceitful means.

Concerning Section 6 – Luggage/Contents, in case of claim, the Insured must also:

- immediately take all steps and take all legal measures to protect, preserve or recover the insured items;
- in the event of theft, on the day when the theft is noted, inform the local police or gendarmerie and have a report drawn up;
- in the event of loss of his registered luggage, immediately notify the transport company demanding to draw up an official report, as well as take all necessary steps within the applicable period set out in the regulations of the company concerned. The original report in the case of a declaration of possible damage must be transmitted to the Company for examination;
- in case of damage to luggage and household effects, to give the Company the opportunity of examining them before repair takes place;
- to establish the ownership, the value and the age of the ensured object(s).

The insured should, under penalty of losing the right to compensation, at all times take all normal precautions to protect the insured goods and ensure their safety.

Theft, made possible by the negligence of the insured or by lack of elementary precautions, is not covered.

In case the insured does not fulfil the obligations mentioned above in relation to section 6 “Luggage/Household effects”, he/she then loses all rights to compensation, except in case of circumstances beyond his/her control. Furthermore, the Insured declares that he agrees, in the event of a fatal accident, to allow his treating physician to declare the cause of the death to the physicians appointed by the Company. Moreover the Company will be allowed to demand a post mortem examination. This demand will have to be met by the granting of authorization and by undertaking the necessary steps with the relevant authorities. In case this obligation is not complied with, any right to compensation is lost.

Art. 8 - Loss of right to compensation

The Insured and the beneficiary forfeit all rights arising out of the contract and the Company will be able to claim the refund of all amounts due:

- in the event that the Policyholder, the Insured or the beneficiary deliberately caused the accident or exacerbated the consequences thereof, whether directly or by refusing to follow or to have followed the prescribed medical treatment;
- in the event that the Policyholder, the Insured or the beneficiary have deliberately supplied false, incomplete or forged information or have falsified any other documents or attestations following a claim.

In the event of loss of rights for any reason whatsoever, the premiums that have fallen due shall be payable to the Company.

In the event that there are several beneficiaries, only those beneficiaries who following an accident or a sickness have not committed any of the infringements mentioned in the first paragraph of this article will continue to enjoy the rights arising out of this policy.

Art. 9 - Effective date and duration of the insurance

The insurance is in force for the period mentioned on the insurance certificate and the coverage is acquired only after payment of the premium due to the Company, within 30 days starting from the effective date or extension date of the contract. It comprises all taxes, duties and constitution costs. The coverage starts at the moment when the insured leaves his/her usual place of residence or home to make his/her way to his/her destination abroad and ends on the day specified on the insurance certificate as the final expiry date or as much earlier as the return of the insured to his/her usual place of residence or home.

Chubb. Insured.[™]

No restitution of premium inferior to 25 EUR will be made.

The duration of the contract will never exceed one year.

If the period of validity of the contract is exceeded due to unforeseen delays independent of the will of the insured, the insurance remains valid without extra costs and automatically until the first possible point of time for the return. The insurance is also in force in case of unexpected earlier departure to the destination abroad within the 10 days preceding the starting date announced on the insurance certificate.

After the return of the insured from abroad to his/her usual place of residence or home, the coverage in relation to Sections 3 and 4 remains applicable up to the moment when the insured can insure himself /herself against the costs of sickness, however limited to a maximum of 14 days to count from the day of return.

The coverage in relation to Sections 3 and 4 remains applicable, during the period of validity of the contract, also during the temporary stay of the insured in his/her usual place of residence or home, for a period of a maximum of 4 consecutive weeks, insofar as this temporary stay is linked to a visit to the family, holiday or if the insured because of sickness or accident is repatriated to his/her usual place of residence or home as foreseen under Section 5. In this case, this coverage is limited to maximum 100.000 EUR per claim.

The contract will not automatically be renewed on the expiry date as a consequence of the very nature of this agreement.

The minimum premium per individual policy is 25 EUR.

Art. 10 - Recourse waiver

The Company waives on behalf of the Insured or his beneficiaries all recourse against third parties who caused the accident or who bear civil liability for the accident. Nonetheless, the Company reserves the right to claim redress in order to recover its expenses for medical costs (Section 3), dental costs (Section 4), and luggage/contents (Section 6) as well as for Liability (Section 7), under the terms of the cover set out in present contract.

Art. 11 - Combining of compensations

The compensations, which are due in the event of death or permanent invalidity, may not be combined.

When it concerns people who are otherwise insured for the same risk and/or have the right to any compensation, the compensation guaranteed under this contract will not be paid or will only be paid as a complement, with the exception of what concerns the Sections 1 and 2.

Art. 12 - Term of limitation

The term of limitation for any legal claim arising out of this contract is three years. As regards any legal claim by the beneficiary, this period starts from the date on which the beneficiary has taken cognizance of the existence of the agreement, of his capacity as beneficiary and of the incident that causes the insurance services to be exigible.

The right to redress of the Company against the Insured expires after a period of three years starting from the date of the payment by the Company, subject to any deceit.

Art. 13 – Notification of the risk

The Policyholder is obliged, before the conclusion of the contract, to communicate precisely all circumstances known to him/her, which he/she must reasonably consider to be data, which can have an influence on the evaluation of the risk, by the Company.

When the deliberate concealment or the deliberately incorrect communication of data concerning the risk misleads the Company in the assessment of the risk, the insurance is void. The premiums that are due up to the moment when the Company came to know of this are due to the Company.

When the concealment or the incorrect communication of data has not occurred deliberately, the Company can, within a delay of one month, starting on the day when the Company came to know of the concealment or the incorrect communication of data:

- bring a modification to the contract with effect starting on the day the Company came to know of the concealment or the incorrect communication. If the proposal to modify the contract is refused by the Policyholder or if, after the expiration of the one month delay, starting from the reception of this proposal,

Chubb. Insured.[™]

- this latter is not accepted, the Company can cancel the contract within fifteen days;
- cancel the contract if it can provide the proof that it would never have insured the risk.

Art. 14 - Change of the risk

The Policyholder shall without delay inform the Company of any significant and permanent change to the risk. In the event that during the contractual period the risk is increased to such an extent that the Company would have insured the risk according to different conditions if this increased risk had existed at the time of the signing of the contract, it must, within a period of one month starting from the day on which it has taken cognizance of the increased risk, propose the modification to the contract with retro-active effect to the date of the start of the increased risk.

In the event that the Company furnishes proof that it would not under any circumstances have insured the increased risk, it is entitled to cancel the contract within a period of one month starting from the day on which it has taken cognizance of the increased risk.

In the event that the proposed change to the contract is rejected by the Policyholder or if, upon expiry of a period of one month starting from the receipt of said proposal, it is not accepted, the Company may cancel the contract within 15 days.

In the event that a claim occurs and the Policyholder has not complied with the obligation set out in paragraph 1 of this article:

- a. the Company is under an obligation to provide the agreed service if the Policyholder cannot be held responsible for the failure to notify;
- b. the service to be provided by the Company is reduced in proportion to the difference between the paid-up premium and the premium that the Policyholder would have had to pay if he had properly reported the risk, if the failure to notify can be attributed to the Policyholder. However, in the event that the Company furnishes proof that it would not under any circumstances have insured the increased risk, it is only under an obligation to refund all premiums paid;
- c. in the event that the Policyholder has failed to comply with this obligation by deliberate deceit, the Company may reduce its cover.

The premiums that have fallen due up to the day on which the Company has taken cognizance of the deliberate omission shall be considered as rightfully belonging to the Company as compensation for damages.

Art. 15 - Notice of cancellation

The contract can be cancelled by the Company by registered letter, by bailiff's writ or by sending a letter of cancellation with acknowledgement of receipt:
